ESSER III Spending Plan

1. The COVID-19 pandemic has had a significant impact on the ability to have students in a predictable, stable in-person learning environment through much of 2020 and 2021. In recognition of the lost learning opportunities, we have decided to utilize the ESSER III funds allocated to our district (\$1,275,675.14) to mitigate the impact on learning.
2. We will utilize to the funds to add one teacher to each of our three schools to work with students requiring additional attention to achieve grade standards. This will be a three-year commitment and accounts for \$556,362 in salary and benefits.
3. Additionally, we funded two additional counselors for three years allocating an additional \$433,348.14 for salary and benefits.
4. We also utilized \$219,597 to purchase the non-consumable portion of the best Language Arts and Social Studies curriculum on the market for our students.
5. The remaining \$66,368 of the funds were used to purchase the automation equipment to integrate these new staff members and improve our online learning options for when distance learning is required.
